Level II Charger Installation and Equipment Information

CHARGER INFORMATION

DATE OF PURCHASE

Brand	Model

Rebate: 50% of installed cost up to \$500

ELECTRIC VEHICLE INFORMATION

DATE OF PURCHASE

Make	Model	Year

PRIMARY VEHICLE PURPOSE (Check One):

Daily Work Commute

Estimated **Daily** miles

All Purpose Vehicle

Estimated **Annual** miles

Check if you have access to charge your vehicle at work.

EV Ready

Check to certify that this home has 250/208 volt wiring with the 50 amp breaker (to support 40 amp charging) box on the back or sidewall of the garage with NEMA 6-50 or 14-50 outlet.

Rebate: \$100

Attach proof of purchase and corresponding contractor installation charges.

Please make sure to program your vehicle so it will not charge during the peak period of 4-9 PM whenever possible. This will help keep costs down for your Cooperative.

Member Agreement (Must Sign)

I verify that the above described equipment was installed on the date and location specified. I agree to all program requirements provided (either separately or on back of this form) and that my electric Cooperative reserves the right to inspect all equipment and verify information before issuing a rebate.

Terms and Conditions - Level II Charger & EV Ready

EV Ready Requirements

- 240/208 Volt wiring with 50 amp breaker (to support 40 amp charging) box on back or side wall of garage with NEMA 6-50 or 14-50 outlet.
- Rebate is intended for new or remodeled homes that are pre-wired for EV chargers.
- Not intended for concurrent rebate with charger but to lower barriers for future installation.

Level II Charger Requirements

Rebate is for a Level II charger requiring a 240/208 volt input supply. This offer is only for residential customers and is limited to one charger per home. The primary location of the charging unit must be at the address provided on this form and served by the Cooperative. It is recommended that a qualified electrician complete the installation and verify the panel is large enough to accommodate the charger. **Please make sure to program your vehicle so it will not charge during the peak period of 4-9 PM whenever possible. This will help keep costs down for your Cooperative.**

General Terms and Conditions

The Cooperative must supply all electricity to the equipment for which the rebate is being paid.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Cooperative reserves the right to verify sales transactions and to have reasonable access to the Member's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Cooperative makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Cooperative does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Cooperative's liability in Connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Cooperative be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Member certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Cooperative. The Member agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Cooperative's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Cooperative reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Member is responsible for checking with the Cooperative to determine whether the program has been changed or is still in effect.

Members must apply for rebates within six (6) months of the purchase date (as shown on the Member's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
